Hi Renee,

This still hasn't been serviced, I noticed on the CARE Priority List that it also said private property. However, above, I provided evidence that it isn't using our internal system of ZIMAS. Can you please follow up with this? It is right across the street from the police station and they are very concerned about this. If needed, we can have LAPD direct LASAN to correct location.

Thanks again!

Best,
Tristen

Good Afternoon,

I was just wondering what the status is on the scheduled clean up for this homeless encampment across from our Police station. The encampment has gotten bigger and is attracting negative attention near the bike path and residential areas. Residents have been reporting rampant drug use, miscellaneous bike parts and threatening behavior directly related to this encampment. The original email was sent on December 23rd. Can this location be a top priority and scheduled for CARE PLUS in Pacific? Please let me know. Thank You!

The encampment/makeshift structure is located on the green belt directly in front of 12333 Culver Blvd (RD1456). As you can see from the attached photos debris and trash have taken over a large portion of the area.

Residents have been reporting rampant drug use, miscellaneous bike parts and threatening behavior directly related to this encampment.

I have met with the sole inhabitant of this encampments on several occasions and have monitored the location for 41.18 LAMC and 57.11 LAMC violations.

I am respectfully requesting LAHSA and LASAN to respond to this location.

Sincerely,

Javier Ramirez
